# About us

There is nothing left to recount about the incalculable benefits of dairy products, predominantly milk, that has been already said as well as documented at the top of food pyramid of mans diet for years. To provide you even better version and healthier iterations of milk and milk products, KIRPA RAM DAIRY PRIVATE LIMITED was established in year 2007 and has since then, achieved somewhat of a cult following and reputation for its milk and milk products, that are a go-to choice of clients owing to their premium quality and excellent taste. Based in Ghaziabad region of Uttar Pradesh, India with a experience of over 50 years and 3rd generation in the industry. We have excelled at providing the world-class dairy products such as Ghee, Butter, Frozen Cream and Milk Powder's to name a few and aim to persist doing so, in order to establish ourselves as industry leaders in the foreseeable future. We also believe in supplying quality products and building healthy business relationships with our valued clients.

# Why Liladhar

Health is beyond doubt the real wealth. We make sure that only the finest quality ingredients/materials enter the body system and directs to visible energy boost and health benefits. To ensure the same, we source our batch of milk straight from farms after rigorous analysis of composition and possible infestation by microorganism, and if found, are straight out discarded so that health of clients is not jeopardized underneath any circumstances. Thereafter, essential treatments such as pasteurization is done under sterile as well as aseptic conditions, prior to being processed and turned in desired forms like Butter, Ghee, Milk Powders, etc. and then wrapped accordingly in sealed units to preserve their freshness and avert pathogenic contamination.

# Our Specialization

We have curated an aura of faith, quality and reliability around our organization, which is not merely account of the stellar array of dairy products offered by us, but also due to the exceptional services and perks that accompany them. Given below are a few noteworthy factors that are associated with our organization:

Manufactured underneath supervision of specialist

Vacuum sealed to avert entry of contaminants

Accessible in a number of sizes to suit convenience

Swift delivery of the consignments

Flexible modes of payment (cash, cheque, online)

Translucent dealings & no hassle approach to collaboration

## Our Production Expertise

We have a clear comprehension of quality and hygienic aspects. Therefore, we use the superior quality of milk and other ingredients to make our products. We formulate our products such as Ghee, Butter and Milk Powders from milk which comes by our approved suppliers. All the machines and equipment that are used in the preparation of these products are hygienically maintained. We take care of each aspect to provide the best quality products to our appraised clients.
